FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

M.H.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

WRIGHT, MARY

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.
